

RAYMOND A. MILLER
18 Mill Street
Easthampton, Mass.

TO: Chief Radio Engineer WCSR

CITY: Northampton

STATE: Massachusetts

Gentlemen:

I would like to report reception of your radio station WCSR, operating on 600 KC/S, as heard by me on Friday, October 21, 1949 at 8.35 P.M. - EST here in Easthampton, Massachusetts, which is located 25 miles from Springfield, Massachusetts, and approximately 5 air miles from your station.

Following is the reception heard by me: Signal Strength **Ex Strong**
Readability **Clear**, Fading **Nil**, Interference **Nil**
, (QSA * R 5).

Your station was heard on a eleven-tube Hallicrafter SX-43, speaker being a Magnet Dynamic Hallicrafter Model R-44, the antenna being an "L" fifty feet long. Weather at the time was **Clear & Warm**.

Enclosed with this report is a log listing of a few items noted on your transmission, and your checking it with your station log will be greatly appreciated. If both correspond, a verification of reception of this report will be greatly appreciated and welcome by me.

Any information or schedules you may send will be greatly appreciated. Thank you for your attention. I trust that this report may prove of value to you and your station.

Sincerely yours

Raymond A. Miller
